MARIETTA MONITOR.**Suffers a Broken Arm.**

Uncle Bert Hicks says he was under the impression until Monday of this week that people went to the court house to get justice, but since his trip there Monday when he got crippled he has changed his mind.

He was transacting business in the district clerk's office and upon leaving he stumbled at the doorway where there is a "step-up" about six inches high, and fell and broke his arm. "Uncle" Bert is not quite so young as he was a few years ago and the broken member will be much longer in healing than if he was a young man. However, he is up and about and able to crack a joke about the unfortunate occurrence.

Cotton Not Good Near Burneyville.

W. A. Culwell, the big farmer and stockman of Burneyville, was a business visitor here Tuesday. Mr. Culwell says cotton in his community is not as good as reported from some sections of the county. The acreage has been decreased considerably and the cotton has been damaged to a great extent by the continued wet weather. However, he says they have a good feed crop around Burneyville.

SOPER DEMOCRAT.**Death of Clay Walker.**

Clay Walker, aged 61 years, died at the family home in this city last Sunday at 2 o'clock. The cause of his death was given as appendicitis. Funeral services were held at the home at 2 o'clock Monday afternoon, conducted by Rev. T. S. Stratton, of Boswell, and burial was had at the city cemetery at 3 o'clock, conducted by the Odd Fellows, of which he was a member.

Besides many friends, he leaves a wife and five children to mourn his death, viz: Clarence Walker, of New York City; Ross and Fred Walker, of Soper, Mrs. I. P. Kelly and Miss Ruth Walker, of Soper. All were at his bedside except Clarence, who could not get here in time. His brother, C. B. Walker and nephew, Owen Walker, of Obion, Tenn., attended the funeral. He also leaves a sister, Mrs. Alice Smith, of Obion, Tenn.

Mr. Walker was one of the pioneers of Soper, having moved here as soon as the town was started about 11 years ago. He was a good man respected by all, and will be greatly missed. He was a member of the Christian church.

The many friends of the family deeply sympathize with them in their bereavement.

future. The young folks were reared in Durant and are well and favorably known to a majority of the people of the city. The groom, whose mother, recently deceased, was the estimable wife of John Adamson, of this city, is one of the quiet, unassuming youths of Durant, who gives every promise of making good in life in proportion to his acknowledged sterling worth. The bride is the youngest daughter of Mr. and Mrs. A. Y. Roller, old and estimable residents of Durant. Each of the young people is but nineteen years of age, but the groom is quite a man for all that. They left Monday for Ardmore, where Harvey had a nice little home in readiness for the bride, who has been his sweetheart since early childhood days. Harvey has a position in Ardmore and the young folks expect to make that city their future home.

RINGLING NEWS.**W. A. Eakin Dead.**

A telephone call to this office just as we go to press announced that Mr. W. A. Eakin died at his home at Petersburg at twelve o'clock yesterday. Mr. Eakin has suffered for several weeks with Bright's disease and his death was not unexpected to his friends, as his health had been failing fast for the past month. The funeral services will be held this afternoon at 3:30 o'clock.

MARSHALL COUNTY NEWS-DEMOCRAT**James Bounds, Jr., Dies.**

James Bounds, Jr., aged 37 years, three months and eleven days, died in his room over the Madill National bank last Sunday morning at about 3:30 o'clock, as a result of chronic heart trouble. The body was removed to the undertaking parlors of Messrs. McGaha & Hunt, where it was embalmed and prepared for burial.

The corpse was taken from the undertaking establishment Sunday afternoon to the home of James Bounds, Sr., father of the deceased, four miles south of Madill. Funeral services were conducted from the residence Wednesday morning by Rev. W. T. Pearson.

Jim (as his friends knew him) was a big, fine-looking man, the very picture of good health and manliness—his death was a shock to the entire county. Among the best men of Marshall county Jim Bounds held high rank—he was a friend to more people than most men—kind-hearted, honorable, fair, manly; a nobler heart than that of Jim Bounds seldom finds lodging in human breast. He was quiet, unassuming, open-handed and honest. Many good traits of his character were unknown to all but those who lived nearest him.

DUNCAN BANNER**Pat C. Byrne Dead.**

Following an illness of about one month with cancer of the stomach, Patrick C. Byrne, for several years a citizen of Duncan, died at the Lawton hospital Saturday afternoon. The remains were brought to Duncan Monday afternoon, accompanied by his wife and mother and A. Jordan, a brother of Mrs. Byrne. Funeral services were held at the Methodist church at 4 o'clock, conducted by Rev.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

TWO TESTS FOR ANY CIGARETTE

The taste of the cigarette—according to a leading tobacco journal—is up to the point that you should look for in the cigarette that you are going to smoke. Here are a couple of tests that may help the average smoker to choose more wisely between different kinds of cigarettes.

The first test is for coolness, which means more comfort to the throat and tongue. Light any cigarette. Draw in a cloud of smoke—a small, ordinary puff is not sufficient to make this test. Put it to your mouth for a few seconds. Hold it "loose" around against your tongue and throat. Now blow out the smoke. If the cigarette contains a high grade of mild tobacco leaves, combined in just the right proportion, it will always feel cool and smooth both to your throat and to your tongue.

On the other hand, if the proportions are not right and if the cigarette contains a leading tobacco journal—up to the point that you should look for in the cigarette that you are going to smoke. Here are a couple of tests that may help the average smoker to choose more wisely between different kinds of cigarettes.

J. S. Lamar, the arrangements being in charge of the W. O. W. lodge. Interment was in Duncan cemetery.

Patrick C. Byrne was born in South Africa 57 years ago, his mother being a niece of the famous Boer general, Oom Paul Kruger. During his residence in Duncan Mr. Byrne traveled for a wholesale grocery concern, and was a successful business man. A wife and aged mother and little son, aged about 3 years, survive him. Other relatives are not known. The death came as a great shock to Duncan people, among whom the deceased had long resided, and the sympathy of all the people goes out to the surviving relatives.

A Wonderful Antiseptic

Germ and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. HEALDTON.

Healdton, Okla., Sept. 25.—A week of showers and slow rains. A good deal of hay cut is lost or very badly damaged.

Very little passing over the roads, and autos are out of commission in this section now.

We hear of some little sickness in this section and think the damp weather will make more.

Wm. Allcorn, an old-timer, was here this week from Rush Springs, Okla.

B. C. Ricketts of Graham passed through on his way to Reck to look after his land interests in that section.

We can still hear the steel tankers at work near us.

From all indications just now, the oil field is coming at last.

The town is full of tankers and quite a demand for houses exists.

Walter Bray has been quite ill this week. He was taken suddenly ill while at work at the pump station.

J. W. Orme has a new delivery wagon, and is kept busy delivering groceries.

All would like to see some sunshine.

All cigarettes are pure, but—

purity alone doesn't make a cigarette SENSIBLE.

We don't know of a single one of our competitors who doesn't make his cigarettes of pure tobacco.

But a pure cigarette that didn't taste just right wouldn't do for you, would it?

And to be really sensible a cigarette must give you more than purity and a good taste.

It must be cool and friendly to your throat and tongue. And it must leave you feeling fine after smoking all day.

Fatimas are not the only cigarette that measure up to all these requirements. There are other sensible ones.

But Fatimas seem to have a big margin in their favor on their good taste. Otherwise they could not outsell all other cigarettes costing over 5c.

You can't tell whether they will just suit your taste until you try them.

At the same time, you can easily prove how sensible they are by these two tests.

Most men who try Fatimas say "Good Bye!" to all other cigarettes right away. That's why Fatimas sell so fast.

Why don't you try Fatimas today?

Biliousness and Constipation.

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere.

Lawton, Okla., Sept. 26.—Frank Young, proprietor of a local cigar factory, committed suicide here Saturday by hanging himself in a doorway. To the Public.
